

# FORCE ENGINEERING

---

1<sup>st</sup> November 2010

After more than 15 years as Managing Director, Alan Foster has been appointed Chairman of both Force Engineering Ltd and Force Engineering (International) Ltd. Alan will remain a constant presence in the companies, focussing on the technical engineering challenges, whilst Neil Foster becomes the new Managing Director of Force Engineering Ltd.

Jeff Proverbs has decided to move to a part time consultancy role after 20 years service with the company. Jeff remains a valued employee and will be working alongside Alan and the team on engineering projects.

Steve Colyer has been appointed to the position of Technical Director. Steve has been Force's Chief Controls Engineer for nearly 15 years and has worked in the LIM business for over 35 years. He brings a vast wealth of knowledge, skills and experience to the Technical Director role.

Martin Howdle rejoined Force as Production Director at the start of 2010 with responsibility for all aspects of production. Martin has rapidly established a more robust and efficient manufacturing capability.

"We are looking forward to this new and exciting chapter in Force's history and will continue to deliver outstanding products and solutions to customers."

Neil Foster  
Managing Director
